Wireless: 0202464811/12

Veterinary Inputs Suppliers Association of Kenya (VISAK) is an umbrella body of individual firms or organizations in Kenya who actively engage in manufacture, formulation, importation, distribution and use of animal health products and equipment.

## ► VISION

To be a leader in animal health products' stewardship

## ► MISSION

To promote public education and awareness on the use of animal health products for improved livestock production and environment protection.

## CORE MANDATE

► VISAK is a legal entity registered by the Registrar of Societies. The core objective of VISAK is to promote public education and awareness on the responsible use of animal health pest management products through suitable publicity and to encourage research in the proper application of these products under prevailing conditions in Kenya.

## ► BENEFITS TO MEMBERS

- Knowledge sharing and networking – this is achieved through events organized for members i.e. luncheons, annual dinners, breakfast meetings, where members come together to share information, ideas, and opportunities.
- Committees and taskforces – members have the opportunity to participate in the Association's committees, task forces and working groups, where they can receive the latest information on areas of interest, have the opportunity to suggest new topics and assist in drafting the common positions adopted by the Association.
- VISAK is an affiliate member of Agrochemicals Association of Kenya/CropLife Kenya (AAK/CLK).
- VISAK acts as a forum where members discuss and agree on issues that affect the industry. The issues once agreed upon are regularly presented to the government for actions.
- Through the Board of Directors, the Association provides an agency for liaison with government and others on all matters of mutual interest.
- The Association directs and represents the interests of its members at the Veterinary Medicine Directorate.

## ► JOIN US

VISAK is now in the process of recruiting interested animal health companies into the association.

We call upon all companies dealing with animal health products and related equipment to take the opportunity to join the association.

The registration fee is Kshs.20,000 payable to VISAK through the following account details:

**A/c Name:** Agrochemicals Association of Kenya

**Account Number:** 0731035148

**Bank Name:** Barclays Bank of Kenya

**Branch:** Westlands

Or A cheque to be dropped at the AAK offices on Kaptagat Road, Cooper Centre (Mashiara Park), Kangemi.
